RESISTANCE IN HUNGARY IS WEAKENING

By LYNN HEINZERLING
Vienna, (AP)—Radio Budapest broadcast a demand today that remaining Hungarian rebel fighters give up their arms by 6 p. m.—12 noon EST.

It appeared probable the rebels, their ranks thinned by the lightning attacks of Russian tank and infantry, had already switched from organized battle lines to partisan warfare.

The Budapest station, again firmly under Russian control sought to win over Hungarians with all sorts of promises of political and economic reforms.

"First it is necessary to restore order," it warned. "The Soviet troops will be withdrawn only after order has been restored."

The new regime, it said, will start negotiations for the withdrawal after peace returns.

The Soviet high command appealed to Hungarian army officers and men to join in crushing the rebellion.

From a weak transmitter in Budapest came an appeal by the Russian commander to Hungarian troops to "join in the fight against reaction."

Shortly after the broadcast, a 22-automobile convoy brought more than 100 citizens of Western nations, including 22 American dependents of personnel in the American legation in Budapest, across the Austrian border at Nickelsdorf.

Across the border, Austria coped with its biggest refugee problem since World War II. It got immediate help from the International Red Cross. In addition, special help came from West Germany, Sweden, the Netherlands, Italy and Denmark.

Hope for establishment of a free Hungary, neutral between East and West, died suddenly at dawn yesterday when reinforced Soviet divisions opened fire on government buildings and rebel strongholds throughout the rebellion-torn country.

Soviet troops set up a new Communist government loyal to Moscow to replace the nationalist regime of Premier Imre Nagy, a nationalist Communist who had promised to fulfill the rebels' aims.

Laborer Slays Wife and Suicides at Meadville

Meadville (AP)—A 58-year-old laborer shot and killed his estranged wife yesterday and committed suicide, according to Crawford County Coroner Sherman L. Watson.

The coroner said Stanley Bunas, employed by the American Viscose Corp., shot Mrs. Anna Bunas, 69, twice with a .38 cal. pistol and then fired a bullet into his neck. Detective Capt. John Holt said the shootings occurred in the Meadville home of Mrs. Bunas. He said the couple had been quarreling for some time over financial matters.

Work Starts Soon on \$73,515 Glade Flood Control Project

Borough Manager George Geracimos and Borough Engineer Robert DeBell were in Harrisburg Friday afternoon when the Department of Forests and Waters awarded a \$73,515 contract for construction of a flood control project on Glade Run.

The firm of H. T. Osburg and Co. of Franklin will begin work immediately on completion of a 700-foot concrete flume from the Pennsylvania Avenue bridge over Glade Run to the Allegheny River.

Concrete walls of the channel which flows through United Refining property were weakened by the series of flash floods beginning July 26th.

Public Opinion Polls Almost Unanimously Point to Certain Victory for Pres. Eisenhower

By DONALD SANDERS
Associated Press Staff Writer

An America newly concerned with bloodshed in Hungary and shooting in the Middle East will choose tomorrow a president to guide the nation's affairs for the next four years.

An estimated 61 million or more voters will decide whether to continue Republican Dwight D. Eisenhower in the White House or replace him with Democrat Adlai E. Stevenson.

They will decide too which party shall control Congress in the next two years.

Such signposts as the public opinion polls and the pulse-taking of political reporters and commentators point almost unanimously to Eisenhower's re-election.

But the polls have been proved fallible at times in the past.

The same signs point to a close battle for control of Congress, now held by the Democrats.

Thirty-five senators will be elected from 33 states. All but three of the 435 seats in the U. S. House of Representatives will be filled. Maine elected two Republicans and one Democrat Sept. 10.

Voters in 28 states will elect governors. A host of other state and local officials will also be chosen.

An election eve survey of political leaders, reporters and others by The Associated Press indicated that if these observers read the signs correctly, Eisenhower will get four times as many electoral votes as Stevenson. The same observers thought the battle for Congress could go either way.

The Democratic margin in the Senate is now 49-47. In the House it is 230-201, with four vacancies. Each party held two of the seats now vacant.

Republicans claim they will pick up at least one net Senate seat and 25 in the House. Democrats say they will hold their own in the Senate and make a net gain of 13 seats in the House.

The weekend saw the windup of the GOP campaign, except for an hourlong program tonight to be carried by the ABC, CBS and NBC TV networks and by CBS radio. It will include brief talks by Eisenhower and his running mate, Vice President Richard M. Nixon. Both will speak from Washington.

Both had planned to go to Boston for a rally there tonight, but switched plans when the Middle East crisis developed last week. (Turn to Page Twelve)

Condition of Dulles Is Reported as Excellent

Washington (AP)—Cancer had infected a section of intestine removed from Secretary of State Dulles, it was disclosed yesterday.

A State Department announcement said an examination at the time of the emergency operation Saturday, and X-rays later, indicated the malignancy had not spread beyond the diseased portions.

Dulles' condition was described as "good" in the wake of the 24-hour operation at the Army's Walter Reed Hospital.

Doctors said they expect the secretary to spend about six weeks in recuperation, some three weeks of that time in the hospital.

In addition to providing a concrete bottom to the channel the project calls for a stilling basin near the railroad bridge and a five-foot check dam.

The work, expected to be completed in 90 days, is the first step toward alleviation of flood conditions resulting from the flash deluges of last summer.

Additional plans for further flood control measures are in prospect for upper Glade Run and Indian Hollow Run. Tentative financial approval has already been given by the state for these projects and work could begin in the spring.

Both Sides Are Predicting Win In This State

Philadelphia (AP)—Both major political parties wound up their Pennsylvania campaigns today with predictions of victory in tomorrow's presidential election.

It will be up to Pennsylvania's almost 5½ million registered voters, however, to decide which way the state's big prize of 32 electoral votes will swing.

The heavy Pennsylvania campaigning of President Eisenhower and Adlai Stevenson, the Democratic presidential candidate, pointed up the importance of the state vote to each party.

Each candidate made three appearances in the commonwealth, something almost unprecedented in state history.

The polls in 8,808 precincts open at 7 a. m. and close at 8 p. m. About half the districts have voting machines while the others use paper ballots.

Although both sides predicted heavy majorities for their candidates such a sweep would be a surprise. Eisenhower carried Pennsylvania in 1952 by about 270,000 votes.

Republican State Chairman George I. Bloom predicted a victory of "landslide proportions" for Eisenhower while Sen. Joseph M. Barr, Democratic state chairman, said Stevenson would win by as much as 292,000 votes.

Record registration figures show Republicans with 2,898,189 and Democrats with 2,456,409. The 441,780 Republican edge is less than half the near million majority the party had in 1952.

With good weather a vote greater than the 85 per cent turnout four years ago is expected.

Penn State Official Films Prove Team Wrongly Penalized

University Park, (AP)—Penn State football officials said today they have movie film proof the university's team was wrongly penalized on a crucial play in its loss to Syracuse, 13-9, Saturday.

Penn State was penalized for making an illegal substitution late in the final period of the hard-fought contest. The situation was this:

Syracuse held the ball with 1:49 minutes to play on fourth down on its own 35 with 15 yards to go for a first down. Engle sent his star quarterback, Milt Plum, into the game. Syracuse challenged Plum's entry, contending it was the second time he entered the game in that period, contrary to rules.

The referees upheld the Syracuse claim and penalized State 15 yards, giving Syracuse a first down on the 50. There was no further scoring in the game.

Candidate for Assembly on the Democratic Ticket Withdraws As County Campaign Nears End

Republican Assemblyman Allen M. Gibson became the first election victor today as his Democratic opponent withdrew his name from the ballot.

William O. Tingwall, in a statement issued this morning stated "he was no longer a Democrat, is not a candidate for Assembly, and will not serve if elected." He asked his friends not to vote for him, said he was voting straight Republican.

When asked the reason for his withdrawal from the race, Mr. Tingwall stated "I'm fed up." He apparently referred to intra-party strife which has split Democratic ranks in Warren County ever since the dispute began last May over the county chairmanship.

Elsewhere in the election picture as the campaign wound into its final hours, the usual heavy Republican majority in northwestern Pennsylvania was expected as clear skies, generally referred to as "good Republican weather," were predicted.

Allen M. Gibson, Sheffield, chairman of the Warren County Republican Committee, in a last minute statement predicted a victory for the party, not only in Warren county, but in the state and nation. He urged all eligible voters to go to the polls, and called upon Republican voters to help reach the goal of 80 per cent turnout on Tuesday.

Of the 19,173 registered in Warren County, Republicans hold a 2 to 1 majority, 12,878 to 5,800 Democrats.

This would tend to insure a re-election of incumbent Representative Leon H. Gavin to his seat in

the House of Representatives from the 23rd Congressional District. However, his feminine opponent, Democrat Grace M. Sloan, has been waging a vigorous campaign, speaking at the drop of a hat in the political ring.

In the national picture, Warren County Republicans gave Dwight D. Eisenhower a 7,000 majority in 1952. This year Republican party heads have been steering for an 80 per cent turnout of registered voters, or about 11,000. Democrats are looking for a similar turnout.

Both Democrat and Republican officials are planning some manner of celebration at their respective headquarters. Democratic office is beside Bevevino Electric on Pennsylvania Avenue, west. Republicans are holding forth in the old Columbia Theater building.

The following polling places will be used in Warren County:

1st Ward, Courthouse.
2nd Ward, YWCA.
3rd Ward, Armory.
4th Ward, McClintock School.
5th Ward, Jefferson School.
6th Ward, South St. School.

Deep Pessimism Engulfs UN Over Hungarian Crisis

By REILMAN MORIN
United Nations, N. Y. (AP)—Deep pessimism engulfed the United Nations today over the virtual impossibility of enforcing a resolution, overwhelmingly adopted by the General Assembly, demanding the withdrawal of Russian troops from suffering Hungary.

Delegates cited two hard facts: 1. The anti-Communist rebellion, after a brief hour of victory, appeared to have been destroyed by Russian steel, leaving the Kremlin and a clique of Budapest puppets in full control of the country.

2. Soviet Chief Delegate Arkady A. Sobolev virtually served notice in advance that a U. N. vote for an investigation in Hungary, much less for free elections, would be summarily rejected.

The prevailing view was that the Russian grip would not be loosened by words.

An explosion of applause halted Chief U. S. Delegate Henry Cabot Lodge Jr. when he read the sentence proclaiming that the U. N. "affirms the right of the Hungarian people to a government responsive to its national aspirations and dedicated to its independence and well-being."

The resolution was approved 50-8 with 15 abstentions.

MONOXIDE VICTIMS

West Brownsville, Pa. (AP)—An elderly couple in this Fayette County community was found dead yesterday apparently from carbon monoxide poisoning. Firemen found the bodies of Mr. and Mrs. Earl Cherry in the family bedroom after neighbors called them to investigate. The couple had not been seen since last Wednesday.

Corporate bonds were mixed.

New York (AP)—International oils took losses in early trading as the stock market was mixed today.

Oils with big Middle East resources dropped a point or more but some domestic oils rose. Issues in other divisions were irregular, showing fluctuations of fractions to around a point.

The market was active at the start then slackened to a quiet pace. Brokers reported that Wall Street hopes were at a high for President Eisenhower's re-election but there was no apparent buying enthusiasm in the last pre-election trading session.

On the American Stock Exchange prices were irregular.

LONDON REPORTS EGYPTIAN COMMANDER IS DISCUSSING SURRENDER WITH INVADERS

APPEAL FROM MOSCOW

London, (AP)—The Soviet Union called tonight for joint American-Soviet military intervention—backed by the United Nations—to stop British-French "aggression" in the Middle East. Premier Nikolai Bulganin made the appeal in a message to President Eisenhower, Moscow radio reported. Moscow also announced that Soviet Foreign Minister Dmitri Shepilov had sent a message to the United Nations Security Council urging it to render military and other aid to Egypt.

London (AP)—Waves of British and French paratroopers landed in the Port Said area at the north end of the Suez Canal today. Within hours, the British announced, the Egyptian commander there began discussing surrender terms with the invaders. A cease-fire was declared.

The cease-fire was announced to cheers in the House of Commons by Prime Minister Eden.

The developments meant the situation of Egyptian President Nasser was becoming more precarious by the hour. Last week the Egyptians lost their vast Sinai Peninsula, east of the canal, to invading Israeli forces.

The announced purpose of the British-French invasion is to safeguard the canal—now closed to shipping—and to separate the belligerents in the Israeli-Egyptian fighting. The British say they are willing to turn over control of the canal area to U. N. forces, once the situation is stabilized.

The parachute troops landed in the canal zone only 4 months and 22 days after the British surrendered to Egypt the military bases they long had occupied there. In the meantime, on July 26, Nasser nationalized the Suez Canal.

The invasion came shortly after the U. N. General Assembly, seeking to restore peace in both Hungary and the Middle East, ordered an international police command set up to establish and supervise a cease-fire in Egypt.

The British and French governments had gone ahead with their long-heralded invasion, but said they would welcome the U. N. police force as a shield between warring Egypt and Israel as soon as the two Middle East governments accepted U. N. proposals for peace, and there was a settlement of the Suez question.

The French and British paratroopers started landing just after dawn, apparently to seize a bridgehead for land forces at sea on a large armada sailing from Cyprus.

French and British ground forces embarked in an invasion armada at Cyprus yesterday, but there was no hint when they would begin landing. The invasion fleet included warships, transports and support ships.

The waves of paratroopers took off from Cyprus in predawn darkness. British-French headquarters already had claimed the Egyptian air force has ceased to exist as a result of the steady attacks last week of the British and French planes on the airports.

Word of the invasion was flashed after a turbulent day in London, where 20,000 demonstrators (Turn to Page Twelve)

There was no immediate reaction from Cairo.

The Assembly voted 87-0 at 12:17 a.m. to set up the police force. The resolution for its creation was sponsored by Canada, Colombia and Norway. Nineteen countries abstained.

The vote came about an hour and a half before the announcement that British and French troops had landed in Egypt, where Israel has already occupied the Sinai Peninsula.

The new command will recruit officers immediately from small countries for "an emergency international force to secure and supervise the cessation of hostilities."

Overseas Violence Is Having Big Influence on the Election

By JAMES MARLOW
Associated Press News Analyst
Washington (AP)—The presidential campaign—one of the strangest and most ironic in history—began with a roar and ends in a whisper as Americans wind up more excited about events abroad than Tuesday's elections.

President Eisenhower's main campaign theme—peace—ran up against the outbreak of fighting in Egypt and Hungary. He could still claim Americans weren't in it. He promised they wouldn't be "in these present hostilities."

It's a promise he may not be able to keep if the fighting should spread.

But Adlai Stevenson's main theme—that Eisenhower is no leader—forced voters to examine him and Eisenhower as leaders when the foreign crisis hit. It

could in the end help Eisenhower. The sudden overseas violence, with its possibility of war, may make voters prefer Eisenhower, the experienced general, to Stevenson, whose only military experience was as a seaman in World War I.

They may have preferred him anyway. The polls all indicate that. But there is even an irony in this. Eisenhower has tried to sell the idea of a "new Republicanism." But reports from around the country seemed to show for more support for Eisenhower than the Republican party.

Some polls forecast the election of Eisenhower and a Democratic Congress. This means the pollsters found that Stevenson, running on the Democratic ticket, had far less support than Democrats in general.

FATALITY NEAR BRADFORD
Marlon Neaproun, 19, of Bradford, was killed and his 16-year-old companion, Joyce Kelly, was seriously injured early Saturday in a one-car crash on Route 218, about three miles east of Bradford. State police said the car smashed into a concrete culvert, spun around and crashed into a parked car on the other side of the highway and overturned. Neaproun died in Bradford Hospital shortly after the crash.

FIREMAN INJURED
A Dewittville, N. Y., volunteer fireman is in Westfield Memorial Hospital with a smashed left shoulder, several fractures of the left arm, a severe concussion and bruises and abrasions of the entire body, suffered when he fell off a fire truck on the way to an alarm near the Mar-Mar Motel on Route 17, west of Dewittville, about 7:30 P. M. Sunday. The fireman, Edwin Powis, 27, a salesman for Baechle's Tropical Fish in Dewittville, is reported in "serious" condition at the hospital. Because of the gravity of his condition, his arm will not be set until he is stronger, it was learned. Fire Chief Delbert Latta of Dewittville, said Powis was signalling to the driver of the fire truck that a light was out when the truck rounded a curve near the lower end of Point Chautauqua and Powis was thrown to the pavement.

Writers' Workshop Hears Talks Upon "Tricks of Trade"

The Writers' Workshop held its third session Halloween night, with tricks of the trade being discussed, and a treat of humorous incidents related.

Don Neal introduced his manuscript, explaining how one idea was worked into several articles. An informal discussion followed with notes being compared.

Lewis Crippen then read his article on Polish born immigrants living in Pittsfield, which proved very interesting, and also showed that United States Citizenship, when conferred, can be a most desired and treasured possession.

A friendly-spirited conversation concerning markets and editors, as well as different aspects of writing followed, with an interchange of thoughts and ideas, after which Mrs. Michael Siegel read the second draft of her humorous anecdote "the Mirror".

The writers' workshop will be held again this Wednesday at 8:00 p. m., in the Jefferson room of the Warren Public Library, anyone interested, in any phase of writing, amateurs and professional are cordially invited to attend.

Mr. and Mrs. Benjamin K. Connelly have been in New York for a few days.

The Warren Chapter of SPEBSQSA, Inc. returned from Auburn, N. Y. Sunday morning victors over six other choruses. This particular competition was for regional honors and the privilege to represent the Seneca Lands District at the international competition in Los Angeles June of this coming year. This is the first time in the history of this region that a chorus has held District and Regional Championships in the same year at the same time.

The Warren boys left for Auburn Friday evening at 7:00 and stopped at the Mt. Vernon Motel in Canandaigua, N. Y. Saturday morning the bus proceeded on its 217 mile journey to Auburn. The group arrived in ample time to ready themselves for the competition in the evening. As soon as the program was over Saturday evening, the men started on their long trek home, arriving in Warren Sunday morning around 7 a. m.

In the competition were included choruses from Bath, New York, Mohawk Valley, New York, and Olean. The three choruses placing were Canandaigua, New York third, Jamestown, New York second and first of course was taken by Warren, Penna. The scoring was very close in this contest, Warren taking honors by only one point. There were only four points between the winners and the fourth place chorus.

Warren had been invited to be guest chorus for the evening performance because of their rating in the district. The fact that they also took first place in regionals left only one chorus for the show, this being Warren. They sang four selections one of which was a competition number, "Indiana", the others included on the program were, "A Son of the Sea", "Battle Hymn of the Republic", and the Warren Chapter theme song.

With this champion chorus playing host to all of Warren during the presentation of their annual Night of Harmony, this year's presentation should top all previous endeavors. For the program the Four Chords from Canada have already been contracted for. Also on the program are the Big Four, champions of the Sweet Adelines, the women's component of Barbershoppers. Each of these women average 200 lbs. or better. Another quartet which has been contacted but yet not heard from are the Babbling Brooks from Ohio. January 9 is the date for this annual affair. Tickets will go on sale soon. Watch your local newspaper for further developments.

Congratulations to the singing men, from Warren, and we hope that their efforts and talents will take them on to Los Angeles where International honors will be waiting them.

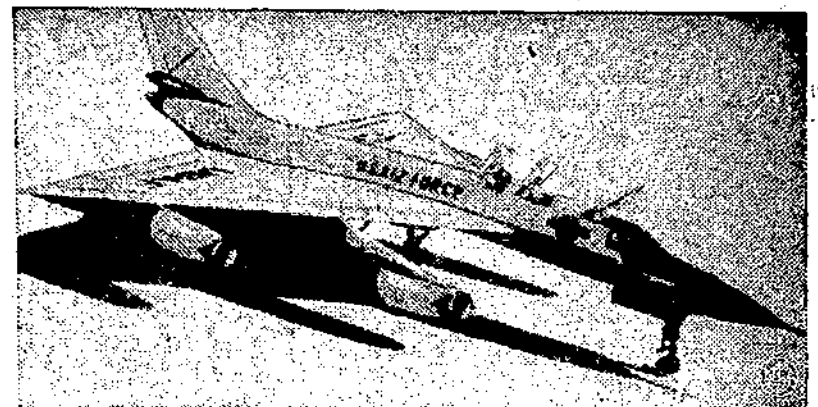

Taxi Bandit To Spend One to Five Years In Prison

Robert L. Edwards, 27, of New Bethlehem was sentenced Friday to a one to five year term in Western State Penitentiary for the \$45 holdup of a Bradford taxi driver a week ago Friday.

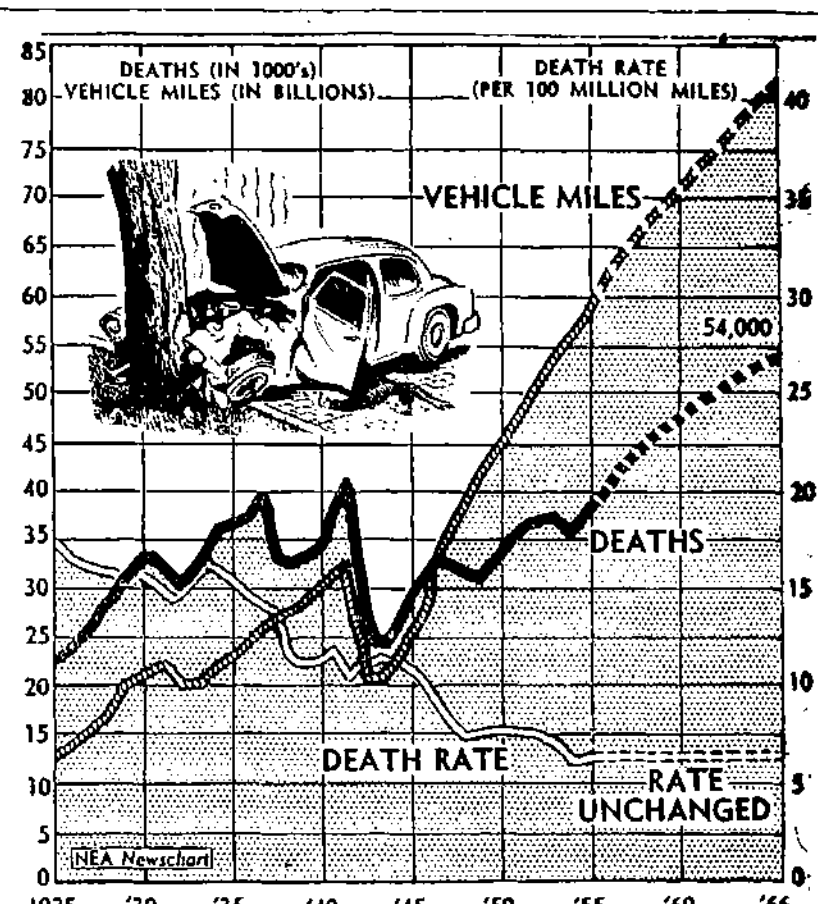

The man was captured in Warren about 10 hours later by police chief Mike Evan. The culprit was seated at a lunch counter with his hand on the butt of a gun stuck in his belt when apprehended.

Edwards, after robbing the cab driver and forcing him from his machine on a lonely stretch of road near Bradford, had driven the machine to Warren and abandoned it near the South Side playground. On the two previous evenings, before heisting the cab at Bradford, Edwards told local police he had done the same thing in Indiana, Pa., and Vandergrift.

DEATH POSES A CHALLENGE — If the usually heavy monthly traffic accident toll happens this December, the United States faces a new all-time traffic death record. The death toll (black line on Newschart) would skyrocket to more than 41,000 for the first time in history. Accident curves on Newsmap are projected at present rates for 10 years, to 1966. By then deaths will have reached 54,000, despite the fact that the death RATE, in relation to mileage, is likely to remain unchanged. Data are from National Safety Council, which is launching a traffic safety drive—"Back the Attack on Traffic Accidents"—in an effort to soften the grim picture.

VOTE TOMORROW!

No red-blooded citizen will have to be reminded that his first duty tomorrow, regardless of any other appointments he may have on his agenda, will be the casting of his ballot in the important Presidential election. For the few who may be inclined to feel that his lone vote is not important here is a last-minute message:

The right of voting guarantees all other rights granted in our system of government.

When you vote you are the part of a chain reaction leading to school building, highway paving, garbage collections. Your vote helps influence international events and the amount of votes cast has a great effect on our relationships with other countries.

A light vote may be construed by an enemy, real or potential as a chink in our armor.

On the other hand, a big turnout of voters demonstrates our common strength and unity—a genuine deterrent to an aggressor, a very real contribution to peace in the world.

In short, when you don't vote, you lose your voice in your government. And, a lot of people have died so that our type of government might be enjoyed in this country.

Be sure and vote tomorrow! Polls open from seven a. m. until eight p. m.!

CHRISTMAS CLUBS

The largest Christmas Club payments in the history of Warren banks and the nation are in prospect this month, to highlight the general prosperity that prevails, says a release from "Christmas Club," a corporation, which announces that 12,800,000 Americans have saved \$1,187,000,000 in the 1956 Christmas Club. This record-breaking sum was accumulated in some 6,800 banks and savings institutions throughout the nation.

"The huge Christmas Club this year is a natural result of the high degree of employment and the overall prosperity of our people. While a part of the funds will be spent for Christmas and bring joy to the hearts of our merchants, nearly a third will be put right back in permanent savings. Americans are still thrifty," says Edward F. Dorset, president of the organization.

The 1956 payoff is the largest in the history of the club and represents an increase over 1955 of \$57,000,000 (5%) with 400,000 more members. The average check this year amounts to \$92.73 for each member.

Members of clubs in Warren banks will be paying their last installments this week. Checks should go out within the next ten days.

THE POLLSTERS' ENIGMA

However this election comes out, it is plainer than ever that the pollsters haven't learned what to do about the "undecided" vote.

Ever since they were burned by the surprise 1948 victory of former President Truman they have been wary.

Customarily, they suggest that the percentage of undecided voters should be divided between the two principal candidates in accord with the proportions of the decided vote they appear to hold. But by their own word they do not really know that it works that way.

The undecided may fall to one or the other man by proportions defying easy analysis. Indeed, some skeptics question whether this category represents entirely the citizens who have not made up their minds, or includes many who have decided but refuse to tell a poll taker their decision.

The pollsters make no pretense of their bewilderment on this score. But since 1948 they have tended to let the "undecided" take the rap for any discrepancies between the actual vote and the indicated result as suggested by "decided" voters.

Predicting elections obviously is a chancy business, and obviously no one has yet found the key to this hazardous pursuit.

And, finally—You have a precious right you should perform tomorrow—don't fail to exercise it. Be sure and vote!

THOUGHTS FOR TODAY

Then Peter said unto them. Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost.—Acts 2:38.

What is baptism but a declaration of our misery by sin, our need of Christ, and a badge of our belonging to Him.—W. D. Patten

Here and There

We are indebted to one of our Warren subscribers for calling attention to the fact that Dr. Earle S. Pickup, one of the few Americans to ever cross the Atlantic ocean on a boat carrying 1,730 horses and mules, has quietly started working in his 41st year as a veterinarian in Union City. Dr. Pickup has many clients in and around Warren who will be interested in this announcement. The Atlantic voyage, which took place during his military service in World War I, happened not long after the University of Toronto graduate had set up his practice in Union City. A tribute printed in The Union City Times recently, along with a picture of the residence built by Dr. Pickup in 1927, where his pet hospital is located, says: "Born in Cattaraugus, N. Y., (near Buffalo), the veteran animal doctor grew up with a love for all four-legged creatures. Although there were no other medical men in his family, Dr. Pickup entered the veterinarian school and graduated in a class of 81 students in 1916." When questioned about retirement, Dr. Pickup

smiled and then announced that it was in the offing—possibly within the next few years.

It was back in 1888, when election day fell on Tuesday, November 6, just as it does this year, voters in the nation went to the polls to choose between Benjamin Harrison, Republican, and Grover Cleveland, Democrat, for President. Considering the possibility of a very close vote in the 1956 election tomorrow, it is interesting to note that Harrison received in the popular vote, 5,444,337, as compared to 5,540,050 for Cleveland. However, history tells us "On the result of the popular vote Cleveland had more votes than Harrison, but the 233 electoral votes cast for Harrison, against the 168 for Cleveland elected Harrison president." In its issue of the day before election, 68 years ago today The Evening Mirror carried a few pertinent paragraphs in the "local" column such as the following: "Vote Early tomorrow!" "Election day tomorrow!" "Council meeting tonight!" "Go and dance with the Cigarmak-

ers tonight!" "The Mirror will print a special press report all of this week!" "Our Associated Press Report starts tomorrow evening—watch for it!" "Look out for the special edition Wednesday morning—full election returns!" "Sixteen cars were wrecked on the P. & E. R. R. near Roystone today and the track was blocked for several hours!" "When you have a little spare time you cannot enjoy it to better advantage than to take a stroll over into Glade and view the new and beautiful plants and flowers in the D. Offerle Green House!" A memorandum on the first page carried this announcement: "A Morning Edition! The Mirror will on Wednesday morning next publish an extra edition containing the full election returns from the Nation, State and County up to the hour of going to press. Look out for it and be sure and secure a copy!" And here's an interesting paragraph gleaned from the editorial column of the same issue: "The attempt of the Democratic orator last Saturday night to make it appear that the Republican leaders had shipped in forty gallons of whiskey to make the Democrats drunk, was not a complete success. The gentleman knew better."

★ EDSON IN WASHINGTON ★

Israel's Attack Viewed as Desperation, Near Madness

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—Israel's attack on Egypt strikes Washington harder than the Polish and Hungarian uprisings. The reason is the potential effect on the American elections of serious Middle East fighting.

It is recalled here that in 1916 President Woodrow Wilson ran for a second term and was re-elected largely on the slogan of "Thank God or the United States was in that war." In a little more than a year the United States was in that war.

President Eisenhower has likewise run for re-election this year on the principal slogan of "Peace, Prosperity and Progress." One of the main Republican arguments used to support the President is that his efforts ended the fighting in Korea and prevented its outbreak in Formosa and elsewhere.

For three months preceding the attack the Eisenhower administration worked desperately to prevent military action against Egypt's seizure of the Suez Canal.

GREAT BRITAIN and France both advocated use of force, if necessary, to insure unrestricted traffic through the canal. Only continuous pressure from Washington prevented such action.

There have been persistent but unverified reports here for weeks that the administration wanted to prevent an outbreak of fighting in the Middle East, at least until after elections. With that domestic crisis out of the way, it was felt that any international crisis could be handled with more firmness.

It is recognized that Israel has been under severe provocation from numerous border raids.

There has been further provocation in negotiations between Egypt, Jordan and Syria to form an alliance against Israel.

The feeling in Israel may have been to strike before this alliance becomes fully operative. Sentiment for such action has been growing ever since Egypt obtained jet aircraft and other military assistance from Soviet Russia.

WHATEVER the Israeli motives, they are seen in Washington as the tactics of sheer desperation and near madness.

President Eisenhower's warning that Israel should not mobilize its reserves—issued only a day before the fighting broke out—was completely disregarded.

So were the previous warnings of the British government, advising Israel to take no action against the planned movement of Iraq troops into eastern Jordan, to maintain order after the recent elections.

In what is admittedly pure speculation, it is believed here that Israel may be gambling her attack on Egypt will bring support from Britain and France, because of their Suez policy. It is also conceivable that Israel may be gambling on Soviet Russia's staying out, because of troubles elsewhere.

The risks for Israel, however, are seen as immense. The infant country can again be haled before the United Nations and declared an aggressor, greatly damaging her cause.

ISRAEL MAY ALSO be subject to joint action by the U.S., the U.K. and France under their tripartite agreement to maintain peace in the Middle East. Britain and France already have reinforced garrisons in the eastern Mediterranean. They were brought there when the Suez Canal was seized by Egypt.

By starting a war at this time, Israel can lose the good will of most of the western countries. It is from these countries that most of Israel's population emigrated. And these are the countries

Vice Admiral Back From Pacific Tour

Vice Admiral Robert L. Dennison, commander of the First Fleet in the Pacific, and a former Warren resident, is greeted at the San Diego, Calif., naval air station by his wife and two children, Lee, 11, left, and Robert, eight, after returning from a three week inspection trip to the Western Pacific. Accompanied by members of his staff and Rear Admiral Chester C. Wood, commander of the cruiser-destroyer force of the U. S. Pacific Fleet, Admiral Dennison made principal stops in Hawaii, Japan, Formosa, Okinawa, Philippine Islands, South Viet Nam and Singapore, on his tour, and also discussed naval matters with Vice Admiral Stuart H. Ingersoll as well as other top Navy leaders in that area. The visit enabled Admiral Dennison to look over the vast area he commands in his dual role as commander of the Southeast Asian Defense Command and commander of the First Fleet. U. S. Navy Photo.

Penn State Alumni Has a Visit From Association Sec.

A large and enthusiastic group of Penn State Alumni gathered in the parlors of the American Legion Home to participate in the second meeting of the Warren County Penn State Alumni Club.

Ned Spangler, instrumental in organizing the group last month, presided over a short organizational business meeting followed by an interesting program. He introduced Ridge Riley, executive secretary of the Alumni Association from University Park, who gave the new organization a number of helpful suggestions for the operation of the Warren County Club.

Accompanying Mr. Riley, was Lou Bell, Director of Public Relations for the University who brought the group up-to-date on the latest developments at the school. Mr. Bell pointed out that while the University ranks 9th in the country with relation to full time students with 13,000 on campus and 3,000 enrolled at the centers, the average size of the class is only 13 students. He also stated that there are now 141 major buildings on campus with total value of \$80 million dollars.

Later in the evening, two sports films were shown and narrated by Mr. Riley. One being a short film

covering last year's Penn State-Syracuse game which was produced to create enthusiasm for this season's athletic events. The second was a full length film of the recent Ohio State game which was won by Penn State 7-6 and considered by many to be the football upset of the current season.

During the evening, plans were formulated for the forthcoming bus excursion for members, their wives and friends to Pittsburgh on November 24 for the Pitt Game. Already, a block of tickets have been reserved and the cost established at \$16.00 per couple which includes transportation and tickets for the game. Definite reservation commitments must be made before November 9 and can be obtained by calling Gordon Hanks, 3106; Bob Anstandt, 2730; or Ned Spangler, 6577.

After the program, a delicious buffet luncheon was served and enjoyed by everyone in attendance.

The next meeting of the group will be in January 1957 and announced in advance by mail.

Who says dream cars never come true?

Dynamite from Detroit

Coming! America's first production dream car—it will influence the shape of cars for years to come!

The old Detroit rule was to introduce new features gradually, to make little changes each year. Sometimes a new grille, an engine improvement, or new colors and trim.

We broke that rule. In fact, we broke all the rules. *This is dynamite!*

For you are not the only one who has dreamed of a totally modern car, a car that has everything you find at automobile shows, in illustrations, and in custom-built experimental cars.

Detroit has had that dream, too. And that's why the 1957 Mercury is the car that has honestly excited the most car-jaded, the most sophisticated of Detroit's automotive experts.

When you see the new 1957 Mercury, you'll see America's first full-production dream car—a car that will influence the shape of cars for years to come.

You'll see a dream car you can own and drive—a car that has far more than startling years-ahead beauty.

THE BIG M for '57 boasts dream-car features never before found outside a designer's dream-book: a Keyboard Control that makes ordinary push-button driving old-fashioned; an exclusive Floating Ride with a revolutionary new cushioning action you have to *feel* to believe. There are Mercury "firsts" everywhere you look. A Power-Booster Engine Fan in the Montclair series that saves horsepower other cars waste. And many more Mercury exclusives.

You'll see THE BIG M—the new Mercury for 1957—soon. You'll see it. You'll drive it. The first dream car that can be yours. The *dynamite* is on its way from Detroit to your dealer's—now!

Making Social Small Talk Is Not a Difficult Task

SO you can't make small talk.

Is this what has been keeping you from enjoying meeting new people, having a good time at parties and getting on easy terms with others? If so, there is a new book out that can put words in your mouth.

The discussion on small talk is just a brief part of a sound book on human relations by Les Giblin. The book is much better than its title, "How to Have Confidence and Power in Dealing With People."

Don't let that "How to—" title throw you. It isn't a book of gimmicks for suddenly becoming the life of the party or the man most likely to succeed.

It's a down-to-earth book on what we human beings are like and what we want from other people.

SMALL TALK IS JUST THAT

THE author makes it quite clear, in his discussion of it, that small talk needn't be original or clever. He thinks what ties so many tongues is the false idea that it should be.

He says: "Small talk isn't supposed to be brilliant. Everyone is trite. Everyone engages in 'small talk' that doesn't say anything clever or significant. This sort of small talk is necessary to get the wheels turning. Once you realize this and stop being afraid of being dull, you will find that you can start a conversation, even with a perfect stranger, and you may be surprised to find that in many cases, you are saying clever and interesting things—only because you aren't trying to."

"Be willing to go through a 'warm-up' period in starting a conversation. . . . The words strike up a conversation are significant. You 'strike up' a conversation just as you 'strike up' a bonfire. You do not expect to start right off with a raging fire. You strike only one little match to begin with. . . . The reason most people cannot get started talking is that they try too hard, and try to make something difficult out of it."

But read the book for yourself. It is one "How to" book you can start putting into practice the minute you finish the first chapter. (All rights reserved, NEA Service, Inc.)

Unusual Program Is Conewango Club Ladies' Night Fare

Members of the Conewango Club and their wives are looking forward with more than usual anticipation to the Ladies' Night dinner and entertainment scheduled at the clubhouse this Saturday at 7:30 p. m.

The dinner, which will be formal, will be followed by the appearance of an unusual entertainer in the person of Stuart Cramer, whose topic "Magic and the Mind" has held audiences from coast to coast both entranced and baffled with its unusual feats of mystery, magic and uncanny mentality.

Byron W. Knapp, chairman of the entertainment committee of the Conewango Club, points out that Mr. Cramer had been engaged to appear at the Club last March when high flood waters created an emergency condition which resulted in the cancellation of the Ladies' Night scheduled at that time. This is the first date, since March, that Mr. Knapp has been able to secure Mr. Cramer's services.

In commenting on this Saturday's gala affair, Mr. Knapp states the program is one of delightful refinement of mental mysteries; presented with a generous dash of good humor. It is baffling, polished and refreshingly different.

Announcements of the Ladies' Night have been mailed to all mem-

IF YOUR telephone caller seems settled down for a long, long chat and you just plain haven't the time to talk on and on, you can cut the conversation short and still not be rude. bers of the Conewango Club. With the announcement went the important reminder that reservations for dinner must be made with the club no later than Wednesday, November 7th.

A Brand-New Cologne Is Here From Europe

Suitable for Men or Women

BY ALICIA HART
NEA Beauty Editor

IN Europe, both men and women use cologne. Frequently, it's the same cologne. European colognes tend to be sophisticated. They are considered essential to good grooming and are used more lavishly than we use them here.

Most Europeans splash themselves from head to toe with cologne when they step from shower or bath. They feel that cologne is ideal for daytime use. Men use cologne for evening, of course, while European women switch to the headier perfumes.

New to this country is a French cologne meant for both the men and women on your Christmas list. It comes from a famous French designer known for his lovely perfumes. Sophisticated, and bottled in a black-and-white tweed effect, it's based on a fresh flower odor. It's a clean, floral fragrance that will produce a springtime feeling in the holiday season.

French arrival in this country in time for Christmas giving is a new cologne in the European sophisticated cologne tradition. The scent is based on fresh springtime flowers.

Austrian composer Joseph Haydn is called "the father of the 100."

Pittsburgh Guests Give Philomel Club Program

Florence Aldrich, in-coming president of Philomel Club, was honored at the season's first meeting at the Women's Club Wednesday afternoon, when a very special program was given by Emil Torick, concert violinist from Pittsburgh.

Mr. Torick substituted on short notice for Allen Hood, as did the accompanist, Marian Deuel McDade, and both gave a splendid performance.

Mr. Torick, veteran of the Korean conflict, plays with the Wheeling Symphony and is also an organist and choir director.

Paul Sladek, who studied under Fritz Kreisler, is Mr. Torick's instructor and was present for the afternoon's recital.

Mr. Torick showed his great skill at trills on his first number, "Devil's Trill" by Tartini. His second group of selections included the Andante from "The Violin Maker of Cremona" by Hubay; "Caprice in D" by Musini; and the very lovely "Poeme d'amour" written by his teacher, Paul Sladek. Mr. Torick's rich full tones gave to each number a depth unusual to such a young artist.

In announcing his own program, Mr. Torick's gracious manner charmed his listeners. The first selection of his third group was a Japanese Folk Song by Yamata,

which he had purchased while in Tokyo, and in which his delicate lyrical tone was most evident. To conclude he played Bela Bartok's "Roumanian Folk Dances," showing subtle bowing technique. The many double stops in all his numbers were a compliment to his playing skill.

Mr. Torick gave two encores to his highly enthusiastic audience, whose rapt attention he held.

Mrs. Glenn Werner and her committee, officers of the Philomel, were hostesses for tea. Mrs. Thomas H. Conway and Mrs. Mayme Ekey presided at the beautifully-decorated tea table.

Miss Ethelyn Connelly will use as her program topic "Early History of the DAR," one that should be of interest to the entire membership. Miss Camilla Henderson will be chairman for the social hour.

Children in Ludlow Assist UNICEF

Ludlow—Children of Hamilton township, in costumes gruesome and gay, marched through the streets of Ludlow with the UNICEF coin boxes and trick or treat bags, people generously responding by giving over \$50 to the cause and many treats for the collectors. Sponsored by the PTA, this first UNICEF project in Ludlow was considered a fine success.

At seven o'clock, the American Legion Hall was filled with 150 children being judged for the most original and comical costumes in each age group.

Winners were Ann Kulka and Claire Ann Olson, pre-school; Leslie Davidson, Kathy Flieger, Gary Depto and Bryant Carter, grades 1-2; Mary Cox, Patsy Ralston and Johnny Kulka, grades 3-4; Judy Benson, Kathy Misulich and Helen Depto, grades 5-6; Janelle Anderson, grade 7, all prizes being \$1 bills.

Pop, ice cream suckers, and candy, as well as a humorous movie, were treats for the children; adults were served doughnuts and coffee.

The PTA committee working with American Legion members included Mrs. Walter Cox and Mrs. Lawrence Larson, co-chairmen, with Mrs. William Ralston assisting. Committeemen for James Uber Post were William Ralston, chairman; Erland Olson, Leo Morelli, Eugene Kalin and Lewis Sovia of Kane.

The young people accepted unanimously an invitation for a Christmas party at the home of Sue Burch. Plans are also under way to remember this year's graduates from the class now in the Air Force and at Eastern Nazarene College by sending them homemade cookies and candies at Thanksgiving-time.

ROBERT MCKINNEY'S CONCLUDE SERIES

The Rev. and Mrs. Robert McKinney, evangelists and Bible teachers, concluded a series of prophetic messages last evening with more than 800 persons gathered in First Baptist sanctuary. Along with their nightly messages, the McKinneys have shown thousands of feet of film taken as they traveled the length and breadth of the Holy Land in missionary endeavors.

The Rev. G. Forrest Sparks led last evening's service, with the Rev. H. L. Cartwright as song leader. A combined choir of First and Calvary Baptist churches presented a special number, with Mrs. Florence Stevens directing, Mrs. Carl Whipple at the organ and Miss Harriet Lind at the piano. Films shown depicted Biblical prophecy and monumental changes in modern Israel.

The McKinneys, brought to the community jointly by the two Baptist churches, have proved a great blessing and liberal Biblical education to those attending.

Deadline Date For NROTC Qualifying Examinations Near

High school seniors and graduates have only until November 17 to apply for the Navy's Reserve Officer Training Corps, VAdm. James A. Holloway, Jr., Chief of Naval Personnel, said today. Applicants will take the nationwide competitive examination on 8 December as the first step toward an appointment as midshipman. Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for a young man to earn a commission while studying at the civilian college of his choice which has an NROTC unit. All tuition, fees and books are furnished by the Navy, and the student receives an annual retainer of \$600 for four years. During the summers the student goes on fascinating training cruises to many parts of the world. After completing the usual four year college course, he is commissioned in the Regular Navy or Marine Corps and goes on active duty with the Navy's far-flung fleets. High school seniors and graduates between the ages of 17 and 21 may apply for the NROTC aptitude test. Those who make a qualifying score will be given a rigid physical exam early in 1957. From the pool of qualified young men remaining in competition, approximately 2,000 will be selected to begin their naval careers next September. The NROTC college training program is also open to enlisted men on active duty with the Navy and Marines. Separate quotas are established for applicants from within these services. Application forms are available at all high schools, colleges, Navy Recruiting Stations or from the Chief of Naval Personnel, Washington 25, D. C.

Nov. 15th Deadline For Mailing Parcels To Overseas Points

The postmaster reminds us of the importance of early mailing of Christmas packages for overseas destinations. To assure delivery by Christmas, packages to APO or Navy addresses should be mailed not later than November 15. Of course, packages mailed early can be given better attention and handling, so it is advisable to get them going now. It is no longer necessary to endorse sealed packages "May be opened for postal inspection." Also, it is permissible to enclose a letter in any package provided it is declared and the necessary additional first-class postage is paid at time of mailing. Particular care in packing, wrapping, and addressing is urged. It must be remembered that with the enormous volume of mail to be handled, bulk transfers and mechanical loaders are employed at most terminals and packages are subjected to many hazards and stresses. Do not disappoint your loved ones by mailing gifts which may be damaged because of careless packing or wrapping, or which may be lost because of faulty addresses or insecure labels. Remember the deadline date for overseas packages—November 15. Incidentally, packages for Hawaii, Alaska, and Puerto Rico should be mailed by December 1 to be assured delivery by Christmas. A schedule of deadline mailing dates for Christmas packages to continental destinations will be published late, but it is time now to start getting those ready, too. REMEMBER — IT'S NEVER TOO EARLY TO MAIL CHRISTMAS PACKAGES.

Warren Comes From Behind to Subdue Millcreek, 12-6

Contest Tied in Final Period When Powley Falls On Ball In End Zone After Blocking Punt

Warren Dragons dominated the game at Millcreek Friday night but couldn't marshal the scoring punch until the fourth quarter when they came from behind and pushed over two quick touchdowns for a 12-6 win.

The victory gave the charges of Coach Fred Bell a 6-win, 3-loss record for the season while Millcreek ended its season with four of each.

Trojans scored midway in the first period when Corky Latimore cracked through tackle for 19 touchdowns yards to climax a 50-yard scoring push.

From that point until eight minutes away from the gun, Dragon attempts to score were stymied through twice, once in the second and once in the third quarter, Warren had to be stopped inside the five-yard line.

Left end John Powley put the Dragons back in the ball game in the final period when he blocked Marty Haupt's punt on the ten yard line and then fell on the oval in the end zone to tie the contest.

There were only 1:49 minutes left to go in the game when full-back Dave Swanson smashed through center for nine yards and the winning TD for Warren. The play ended a 40-yard scoring march by the Dragons which had begun when McCool intercepted a Trojan pass. He grabbed another desperation Millcreek aerial in the closing seconds which gave Warren possession of the ball as the clock ran out.

Dragon superiority was obvious in the statistic department as the local lads ground out 194 yards

Tennessee is Back Near the Top in Southeast Conference Title and Invitation to Bowl

By ED CORRIGAN
The Associated Press

Tennessee, which has won more football games than any school in the country during the past quarter of a century, is back near the top of the heap scrambling for the Southeastern Conference championship and a postseason bowl game.

Since Gen. Bobby Neyland quit coaching 1952, the Vols have been having their troubles. In the next three years, they won only 15 games and lost 13.

But thanks mainly to tailback John Drum Majors and an imposing list of 19 other lettermen from last year, the Vols have waded through half a dozen opponents so far in quest of their first undefeated, untied season since 1951, when they won the national championship.

There's a villain lurking in the shadows, though, in Georgia Tech, Tennessee's No. 1 rival for the conference championship. The Engineers also have polished off half a dozen opponents, giving up only four touchdowns.

The two teams meet in Atlanta this week. To the victor no doubt will go the Southeastern crown. Tennessee warmed up to the task Saturday with a routine 20-0 victory over North Carolina, while Georgia Tech, second ranked behind Oklahoma in last week's Associated Press poll, edged Duke 7-0.

Neither, however, has any hopes

of getting past Oklahoma in the national rankings. The hulking Sooners won their 36th game in a row, a come-from-behind 27-19 decision over Colorado.

Oklahoma was down 19-6 at the half, but the Sooners woke up and scored three touchdowns in the second half to wrap it up.

The Hershey Bears were back in undisputed possession of first place in the American Hockey League today after winning one game and trying another over the weekend.

Following a 4-3 victory over Cleveland Saturday night, the Bears played a 6-6 overtime tie with the Providence Reds last night to move ahead of the Buffalo Bisons by one point. The Bisons' weekend activities consisted of a 6-3 triumph over Cleveland last night.

Meantime, the Rochester Americans finally won their first game, downing the Springfield Indians 3-1 last night. The defeat was the second setback of the weekend for the Indians, who dropped a 5-1

Eagles End Year With a 25-6 Loss At Southwestern

Youngsville Eagles wound up their season Friday night at Packard Field as they dropped a 25-6 decision to the tough Trojans from Southwestern Central near Lakewood N. Y.

The loss brought the record of Coach Joe Frelick at the close of his first season to three wins and five losses.

Southwestern's unbeaten eleven, employing deception-plus backfield maneuvers, dominated completely the entire first period rolling up a big 19-0 lead. Substituting heavily in the face of their lead, Coach Joe Rushin's subs were tapped for a six-pointer culminating an 80-yard Youngsville drive. But Herron's gallop, which ended the game's scoring nullified the Eagles' gain.

Joe Kulbacki opened the game with a tremendous boot to the Southwestern 3 yard line. Fullback Dave Lange and halfback Mike Harrison alternating the carries over the center and around the ends where the Eagles appeared the weakest, moved the ball to the Youngsville 2-yard line on eight plays over scrimmage. The Trojans' big quarterback Ernie Schuyler went over for the score with a smooth fake on a QB keeper. A fake kick for the point after saw end Ed Knoepfle hit Schuyler with a screen pass for the point.

The Trojans lugged off to the Youngsville 15 and fullback Jack Brennenman, who played a lot of ball for the Eagles, returned to the 29. On the second play from scrimmage, the Eagles fumbled and Southwestern recovered. Schuyler blasted to the 8-yard line on a quick opener, setting the stage for Harrison's ramble over left end to put the Trojans out in front by a 13-0 count when Knoepfle's kick was wide and low.

Again Southwestern kicked off and halted the Eagles drive short of midfield, to take over on downs. After losing their first play by covering their own fumble, the Trojans sent Lange up the middle on the draw play to the Pennys 23. Sub quarterback Ron Burstrom tried for end Chuck Miller and missed, then hit Knoepfle in the end zone with a long 30-yarder after Big Ed got behind the cover man. Knoepfle's kick went wide.

Youngsville started their scoring drive from the kickoff taken on three plays where the first quarter ended moving well against the Trojan second string, the visitors ground down the field behind the outstanding running of Brennenman and halfbacks Bill Moniak and Fred McChesney. Brennenman went over to score from the Southwestern 2 on a sweep of right end. Kulbacki's was blocked.

Kulbacki's subsequent kickoff sparked the outstanding play of the night. The punt went deep into Trojan territory and was taken on the 10 by sub halfback from all sides, reversed his field at least twice and then threatened the right sidelines over 90 yards for the touchdown which ended the scoring.

A revitalized Eagles' team, operating under Assistant Coach Al Tubbs in the absence of Head Coach Joe Frelick who was ill, came to life and wiped the broad smiles from the Southwestern bench with a sustained kickoff drive which carried to the Southwestern 10. But Rushin called again on his varsity and the threat was stopped. The two clubs battled furiously, exchanged fumbles and "breaks" throughout the second half with neither getting the edge or being in dangerous scoring position.

Another Newcomer In the Heavyweight Class Meets Bethea

By The Associated Press

Wayne Bethea, young New York heavyweight who has beaten Edward Charles and Jimmy Slade and stopped Jamaica's Joe Bygraves in recent bouts, takes on Howie Turner, another newcomer, in tonight's 10-round match at St. Nicholas Arena in New York.

Turner will be making his first main event start after 21 prehn outings just as Bethea graduated from the undercard ranks about a year ago. Bethea has won six straight in his career record of 12-4-2. Turner's record is 17-1-3.

Du Mont will telecast at 10.30 p. m., (EST).

Miguel Berrios, a favorite with the TV fans, returns to work Friday at Madison Square Garden against Gabriel Flash Elorde of the Philippines. Berrios, an earnest little Puerto Rican, won a split decision over Elorde August 22 at San Francisco.

Isaac Logart, the busy Cuban welterweight, continues his campaign with his second TV shot in three weeks when he boxes Duke Harris of Detroit Wednesday at Chicago Stadium.

Northern Area Ends Season With 8th Straight Victory

Northern Area Knights only scored once in their final contest at Cassadaga Valley Saturday afternoon but that was enough to preserve their win streak and extend it to eight straight as they won the Northwestern Conference crown.

Lefty Olson quarterback sneaked from the one-yard line for the game's lone tally early in the first period. The score of 6-0 stood throughout the remainder of the contest.

The Knights dominated play throughout the game but appeared unable to find the big punch when needed. They rolled up 13 first downs while holding the Valley boys to just a single FD and that in the closing moments.

Starting Knight lineup: Whutman, le; McKinney, lt; Angove, lg; English, c; Fenney, rg; Welsh, rt; Rockwell, re; Olson, qb; McCoy, lb; Rowland, rh; Darts, fb.

Jamestown Police Still Searching for Masked Yegg

A masked gunman early Saturday morning held up the proprietor of a small restaurant at 774 East Second Street, Jamestown, was singing up for the night when the nut entered at 1:10 a. m.

The owner threw the bills on the floor, at the same time dropping other roll containing about \$400 the floor.

Police threw up immediate roadblocks in the area and conducted neighborhood check but could not locate the gunman or the car in which he escaped. Several persons brought in for questioning have all been exonerated.

Petrucello described the man as wearing a black eye mask, of medium build, wearing dark clothes slugging a jacket, speaking in a nasal tone of voice. He said he did not furnish a description of a "lookout" or of the getaway car.

Students in West Berlin in Outbreak in the Divided City

Berlin, (AP)—Hundreds of West Berlin students shouting "Down with the Russian murderers" and "Freedom for Hungary" broke through police cordons and swarmed around the Russian war memorial today in this divided city.

The students carried signs in Russian and marched to the war memorial after placing wreaths at British and French public buildings in West Berlin denouncing "aggression against Egypt."

The guard on the border separating East Berlin from the Western part of the city had been doubled as Communist newspapers reported the wrecking of Hungary's "Fascist counter-revolution" by Soviet troops.

The armed guards searched automobiles coming from Allied-occupied West Berlin. A tour of East Berlin disclosed strengthened police patrols in the vicinity of government buildings and railway stations.

The Soviet war memorial is in West Berlin a hundred yards from the Brandenburg Gate, which marks the sector border between East and West Berlin.

Police Force

(From Page One)

U. N. Secretary General Dag Hammarskjold, author of the plan, will try to get "the necessary troops" from among 71 of the U. N.'s 76 members, barring only Britain, Nationalist China, France, the Soviet Union and the United States.

Hammarskjold reported to the Assembly that Colombia, New Zealand and Norway had agreed to take part in the force. Canadian Foreign Secretary Lester B. Pearson confirmed that Canada would do so subject to parliamentary approval.

U. S. Delegate Henry Cabot Lodge, Jr., announced that the United States was ready to "help in an important way" with airlifts, shipping, transport and supplies.

The cease-fire resolution that the U. N. force is to carry out urges cessation of hostilities and of the forward movement of arms and forces, withdrawal of forces behind the Egypt-Israel armistice lines and a ban on introduction of war goods into the "area of hostilities."

Egyptian Foreign Minister Mahmoud Fawzi cabled Hammarskjold that Egypt was "ready to bring to a halt all hostile military actions in the area."

Public Opinion

(From Page One)

Eisenhower will speak briefly to the Boston rally by closed circuit TV.

Stevenson switched plans too because of the birth at Boston yesterday of his first grandchild, a son born to Mr. and Mrs. Adlai Stevenson Jr.

After a scheduled campaign breakfast today in Minneapolis, he planned to fly to Boston to see the baby. He will speak from there tonight during a half-hour CBS radio-TV program.

His running mate, Sen. Estes Kefauver, will speak from Washington on the same program.

Eisenhower will drive from the capital to Gettysburg, Pa., where he has a country home, to vote tomorrow morning. Stevenson will vote at Half Day, Ill., a hamlet 25 miles from Chicago. Nixon gave up plans to go to his home at Whittier, Calif., casting an absentee ballot instead.

Prospects were that the weather would be generally favorable. Making for uncertainty about the outcome of the election is the foreign situation.

PAPERS HIKE PRICES

Pittsburgh (AP)—Two western Pennsylvania daily newspapers today increased their prices from 5 to 7 cents a copy.

In announcing the price hikes, both the Greensburg Tribune-Review and the Butler Eagle said they were necessary because of increased production and newsprint costs.

ONE DEAD, FOUR INJURED

Bedford (AP)—An auto swerved off the Pennsylvania Turnpike and crashed Saturday, killing Olive MacDonald, 62, of London, Ontario. Four women companions were injured. The crash occurred 11 miles east of Bedford.

Chief Justice Elaborates On Steve Nelson Decision

Washington (AP)—Chief Justice Warren said today the Supreme Court ordered a new trial for Communist Steve Nelson and four others because of "tainted" testimony given by a government witness.

For three dissenters, Justice Harlan called the tribunal's action a "dangerous departure from sound principles."

In an opinion explaining the high court's action of Oct. 10, Warren said the testimony of Joseph D. Mazzei "poisoned the water in this reservoir (meaning the Nelson trial in Pittsburgh), and the reservoir cannot be cleansed without first draining it of all impurity."

Warren added: "Pollution having taken place here, the condition should be remedied at the earliest opportunity."

The Suez Canal remained blocked by ships the British and French accused the Egyptians of sinking in the waterway. The Egyptians have countercharged that British and French planes sank the ships and blocked the canal.

Four Boys Injured In Auto Accident Near Youngsville

Four teen age boys were injured—none seriously—when their car skidded on loose gravel and rolled on York Hill just south of Youngsville, about 10:30 Sunday evening.

The four were treated by a physician in Youngsville following the one-car mishap.

They included Marshall Baker, 17, of Bear Lake, who suffered a broken nose, a slight cut on the forehead and bruises about the face and body; Fred McChesney, 17, of Pittsfield, with body bruises; Charles Kulbacki, 15, of Irvine, with bruises on the head, face and right ankle; and Adam Piccirillo, 15, of Irvine, with head and body bruises.

State Police from the Warren substation said the Baker youth was driving northward down the hill. As he came around a curve, the car skidded on gravel and overturned on the highway.

STYLE SHOP FIVE WINS SATURDAY

Local basketball season swooshed off Saturday night as the Warren Style Shop quintet outthumped the South Dayton Loggers 85-62 on the state hospital floor.

Christensen was top basket-keeper for the winners as he dropped ten field goals and seven foul shots for a total of 27 points. Behind him were Hartnett with 19 points, Berdine with 14, Kulka with 12, Wolfe with 8 and Reese with 5.

Next game for the Shop-pers will be Nov. 23 when they play the House of David at Beatty. High school will play the preliminary in an intra-squad contest.

TIMELY REMINDER

Election celebrants were reminded today that, as usual, state liquor stores will be closed all day (Election Day). Patrons have until 9 p. m. today in which to stock up. Other bars, restaurants and assorted alcoholic dispensaries will be prohibited from selling until after the polls close, most reopening about 9 p. m. tomorrow. Clubs can sell all day.

DRIVER STRICKEN

A Corry, chiropodist suffered an attack or seizure in his car Saturday afternoon, pushed against the accelerator when he was stricken and the car shot ahead into a culvert. The chiropodist, Dr. E. A. Larson, was in fair condition at Corry Memorial Hospital. In addition to the attack, he suffered a laceration of the head and bruises on the knees and legs. City police said Dr. Larson had purchased gas at the Union Service Station and was sitting in the car waiting for his change. The motor was running. When he was stricken his foot jammed on the gas and the car surged ahead about 20 feet and dropped into the culvert. The car was demolished.

MOCK VOTE AT LA SALLE

President Eisenhower will be elected for a second term, and Joseph Clark will win the State of Pennsylvania's senatorial contest, if the outcome of the mock election held recently at LaSalle College is an indication of the trend of the general voting public. Of the 805 votes cast, Eisenhower received 480 or 60% in comparison to Stevenson's 325 or 40%. Clark received 479 or 60% of the 796 votes cast for Senator to Duff's 317 or 40%. These results may be due in part to the political views expounded in the debate on Thursday, October 25, between Republican Congressman Hugh Scott and James P. Democratic candidate for State Assemblyman from the Chestnut-Hill Germantown area. Mr. P. is a graduate of LaSalle, class of '48.

WEEKEND EMERGENCIES

A quiet weekend was reported at Warren General Hospital emergency ward, when the following received treatment: Friday—Raymond Snyder, 12 Kenneth street, Franklin, was treated for laceration of the face and fractured hip. Saturday—Garry Beale, Railroad street, Clarendon, fractured right fifth finger; Thelma Munch, 108½ South South street, removal of wire in her right thumb; Ida Huilings, Sheffield, fracture of right wrist; Samuel W. Lore, Irvine, laceration of forehead. Sunday—Gregory Barhite, RD2, Warren, laceration of wrist.

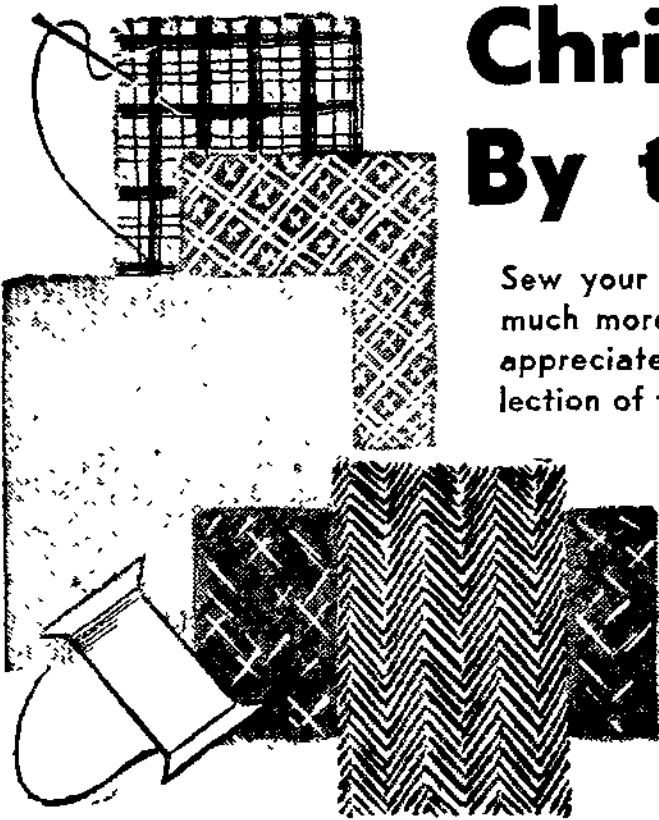

FREE BABY-SITTERS

Venango County Motorist Killed on 28th Birthday

Franklin—Paul E. (Smoky) McCune of Cochran, RD 4, died Saturday—his 28th birthday—when he was crushed between the door and body of his car in an unexplained accident near here.

The welder was pronounced dead on arrival at the Franklin Hospital from possible skull and neck fractures and internal injuries following the one-car crash, which occurred around 2 a. m. Saturday on Route 322, near Hannanville.

State Police from the Franklin substation said the cause of the accident died with the victim. They reported the crash occurred on a straight and level section on the west side of Monument Hill, ironically near the McCune School which he had attended as a youth. Troopers said the driver had been traveling west when his 1951 Pontiac sedan went off the left side of the highway, hit a culvert and rolled on its side. The driver's door came open. He was pinned between the door and the body of the car.

He reportedly was returning home after bowling in Franklin. The front end, undercarriage and motor were demolished. Damage was estimated at \$700.
